

Beat the slowdown!

Growing Business through and beyond 2009!

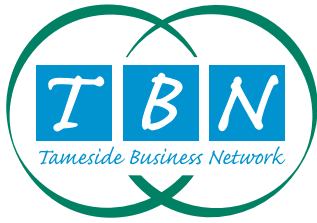

There has been a growing need in the area for a 'good' business networking event'. One that is open to all, that didn't mean getting up at the crack of dawn, forcing levels of business referrals, onerous weekly preparation and that was easily accessible by car.

Tameside Business Network (TBN), a new *Business-to-Business* networking group, plans to have just one networking meeting every month. It will be run by local businesses for local businesses, and there will be no hidden agenda apart from promoting **TBN** members' products and services to other **TBN** members.

It is recognised that there are other types of networking groups operating today, but with over 6000 businesses across Tameside alone, the **TBN** believes it can develop a truly beneficial membership, that promotes work on behalf of each other, and so growing business across the membership.

Our next meeting is on the last **Wednesday of the month, at Denton Golf Club, from 4.30pm – 6.30pm, every month.** The venue is superb and is easily accessible, being just off the M60/M67 motorway junction. **TBN Annual Membership costs just £25.00, with a monthly attendance fee of just £5.00 per head** (to pay towards refreshments that will be available). **As you might expect, the Golf Club insists on a 'smart' entry dress code.**

Interested? **Visitor places are limited** and are available at only **£10 per head**, payable in advance. To avoid disappointment and reserve a place - register online at: ***TamesideBusinessNetwork.com*** - and get your business off to the right start for 2009!
